

PASTURE RECOVERY FROM FIRE

Mudgegonga Hall Thursday 2nd April at 7.00 pm

Tim Ekberg

Farminganswers

&

Don Lindsay

A fire effected farmer from 2006-07 King Valley/Whitfield fire.

There will be a short talk then a questions & answers session to get to the heart of what individuals can do in their own situation.

TOPICS COVERED:

- THE AFFECTS OF FIRES ON PASTURE
- HOW MUCH FEED CAN YOU EXPECT TO GROW FROM SHORT TERM FODDER CROPS
- BEST PRACTICE METHODS OF SOWING SHORT TERM PASTURES. WHAT ARE THE OPTIONS WHAT ARE THE COSTS AND BENEFITS
- GRAZING MANAGEMENT TO MAXIMISE GROWTH
- BEST PRACTICE METHODS OF SOWING LONG TERM PASTURES
- LOOK AT SPRING SOWING PHALARIS PASTURES AS AN OPTION TO MAXIMISE THE WINTER FEED BASE THIS SEASON BUT STILL SOW SUCCESSFUL PASTURES

Supper provided. RSVP Stephen Routledge 03-5728-6603
